

**NOBODY COVERS YOU
LIKE HOME WARRANTY!**

Labor Allowance Plan

Covering the **labor** gap on manufacturer's warranties

Make your bid more competitive

Reduce your expenses on a recall

Transfer the risk to us — this covers the **labor not covered by a manufacturer** when you need to service a heating/cooling unit still under their warranty

No cost to you — build our 5-year warranty cost into your quote, or your customer can purchase separately:

- \$200 Furnace
- \$200 Boiler
- \$200 Air Handler
- \$200 Evaporator Coil and Condenser Unit
- \$350 Heating and Cooling Unit

Your customer contacts YOU when service is required — you then contact us to file the diagnosis and repair cost for their claim

Why partner with Home Warranty?

Quick payment to you

within 4 days of receiving your invoice

No-hassle customer service for you and your customers

LIVE call answering (95% of our calls are answered in under 1 minute)

We're A+ rated with the BBB!

We've got you covered!
